

# MIDVERG20® INTERLOCKING DRY VERGE SYSTEM

15 YEAR GUARANTEE

The MidVerg20® System has been manufactured to prevent weather ingress and reliance on mortar at the roof edge. Compatible with all flat intermediate gauge single-lap interlocking tile types and suitable for use on new build or refurbishment.

## FEATURES AND BENEFITS

- Suits all single lap interlocking plain tiles between 200mm and 260mm batten gauges
- Designed to minimise water run-off staining on the verge and gable wall
- Clip-over design for fast installation
- Dry fix products eliminate the mortar installation and maintenance issues
- Secure single nail fixing when used with optional batten end clip. No special fixings required
- Universal eaves starter unit for all applications and one discreet colour
- Starter unit designed to avoid gutter interference and slotted for ease of adjustment
- Starter unit and ridge cap kits include stainless steel screws and wall plugs
- Universal angle and half-round ridge end cap options
- High heat distortion resistance compared to PVC
- UV stabilised for long term performance

## PRODUCT OPTIONS

♻️ Slate grey dry verges and ridge caps contains up to 100% recycled PPC

## PRODUCT CODES AND COLOURS

<b>HD MV20</b>	Verge unit (left or right hand)	Black, Slate Grey, Dark Brown, Antique Red, Terracotta
<b>HD IPTDV/HR</b>	Half-round ridge end cap	Black, Slate Grey, Dark Brown, Antique Red, Terracotta
<b>HD IPTDV/AR</b>	Angle ridge end cap	Black, Slate Grey, Dark Brown, Antique Red, Terracotta
<b>HD IPTDV/ST</b>	Starter Unit	Black only
<b>HD IDV/BC</b>	Batten End Clip	Galvanised steel

## TECHNICAL INFORMATION

### COMPLIES WITH BS 8612

The HD MV20 dry verge systems provide a fixing for the verge tiles for use in the wind zones 1 to 5 in accordance with BS 8612 Table C.1.

### MATERIAL

Polypropylene

## RELATED PRODUCTS

**CLAY6+ Dry Ridge and Hip System**  
Includes a ventilated memberane with broad corrugated adhesive strips, patented gaskets, stainless steel straps and fixing screws, code: HD CLAY6+

**MiniVerg® (IPTDV Dry Verge)**  
Compatible with all interlocking plain tile types and suits baten gauges between 170mm and 200mm batten gauges.  
Code: HD IPTDV

**InVerg® Dry Verge**  
Unique patented design compatible with most machine-made single and double cambered concrete and clay plain tiles.  
Batten gauges 88-104mm, HD INVERG
